Happy New Year:

What is happening:

In November we had a successful function lighting up the courtyard. I heard the community of Birch Bay also enjoyed our lights from the road. Even though it was raining, we made a covered spot, gathered sipping hot cider, hot chocolate and yummy snacks. We raised \$90 donated to the American Cancer Center.

Through December, It's been an eventful winter for all. There have been lots of rain with flooding around the area, piles of snow, cold weather and many colds and sickness going around. With all of that, We hope all had happy holidays.

On New years eve, we had a great gathering around the bonfire lighting our section of the beach with flares for the Birch Bay **"Ring of Fire"**.

On New years day, a couple of our neighbors dipped in the bay for the polar bear dip. Soooo COLD... Congratulations to all that participated.

The board wishes everyone a Happy New Year and success in 2022.

After all of the storms we have had, some board members and other owners have been working to clean up the beach for all of our use.

* Thank you to "W1" for the great new location for rules, garbage cans and mutt mitts.

* New sturdy chairs are available for all.

Lets all pitch in if we can.

Beach Cleanup Work Party
